SIX MONTHS ENDED JUNE 30, 2024 AND 2023

1. NATURE OF OPERATIONS AND GOING CONCERN

The principal business activity of Prism Resources Inc. (the “Company”) is the acquisition and exploration of mineral properties. The Company was incorporated under the *Business Corporations Act* (British Columbia). The Company is an exploration stage company.

The head office of the Company are located at 3552 West 41st Avenue, P O Box 71030, Vancouver, British Columbia V6N 4J9, Canada. The registered and records office of the Company is located at Suite 1500 – 1055 West Georgia Street, Vancouver, British Columbia V6E 4N7, Canada.

These condensed interim consolidated financial statements have been prepared on the basis of accounting principles applicable to a going concern, which presumes that the Company will be able to continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities and commitments in the normal course of business.

In assessing whether the going concern assumption is appropriate, management takes into account all available information about the future, which is at least, but not limited to, twelve months from June 30, 2024. Management is aware in making its assessment of material uncertainties relating to events or conditions that may cast significant doubt upon the Company’s ability to continue as a going concern, as explained below.

Several adverse conditions cast significant doubt on the validity of this assumption. The Company has incurred operating losses of \$62,133 for the period ended June 30, 2024 (2023 - \$142,058), is currently unable to self-finance operations, has a working capital deficit of \$3,054,177 (December 31, 2023 - \$2,992,044), a deficit of \$20,442,812 (December 31, 2023 - \$20,380,679), limited resources, no source of operating cash flow and no assurances that sufficient funding will be available.

The Company does not generate cash flow from operations, and has therefore relied principally upon the issuance of securities for financing. Future capital requirements will depend on many factors including the Company's ability to execute its business plan. The Company intends to continue relying upon the issuance of securities to finance its future activities, but there can be no assurance that such financing will be available on a timely basis under terms acceptable to the Company. Although these condensed interim consolidated financial statements do not include any adjustments that may result from the inability to secure future financing, such a situation would have a material adverse effect on the Company’s business, results of operations and financial condition.

The business of resource exploration involves a high degree of risk and there can be no assurance that current exploration programs will result in profitable operations. The Company has no source of revenue, and has significant cash requirements to meet its administrative overhead and to acquire, explore and maintain its future exploration and evaluation assets.

Pursuant to a conversion provision, the lenders have the option to convert on a dollar-for-dollar basis the entire unpaid principal and all accrued and unpaid interest into common shares of the Company at a price per share determined by dividing the dollar amount being converted by the market price of the shares, less the maximum allowable discount pursuant to applicable exchange policies.

5. NET PROFIT INTEREST

The Company has a 7.5% Net Profits Interest in certain mining claims in the Porcupine Mining District of Ontario, Canada (“Royalty”) owned by Detour Gold Corp. (“Detour”), which was acquired by Agnico Eagle in 2022.

On July 10, 2017, the Company announced that it had entered into an agreement (the “Royalty Purchase Agreement”) with AuRico Metals Inc. and AuRico Metals Canadian Royalty partnership (together “Au Rico”) for the sale by the Company of the Royalty to AuRico. Following the announcement, the Company and AuRico received a written communication from Detour claiming the Royalty is invalid and unenforceable against Detour, notwithstanding Detour’s long and consistent disclosure record to the contrary. On July 21, 2017, the Company announced that the Royalty Purchase Agreement had been terminated, as a direct result of Detour’s newly stated position repudiating any obligations under the Royalty.

The Company and Detour went through legal battles regarding the enforceability of the Company’s net profits Royalty from 2017 to 2022. In 2022, the Court of Appeal for Ontario ruled unanimously to dismiss Detour’s appeal of the summary judgement awarded to the Company in 2021. The Company’s net profits Royalty is fully enforceable against Detour.
